Salman Sakib

Data Analyst & Machine Learning Practitioner

San Francisco, United States

salman.sakib@example.com · +1 (555) 342-8901 · LinkedIn · GitHub · Portfolio

PROFESSIONAL SUMMARY

Detail-oriented Data Analyst with 3+ years of experience transforming complex, multi-source datasets into actionable business intelligence and predictive models. Proven track record in automated ETL pipelines, statistical modeling, and interactive executive dashboards that reduced decision latency by 35%.

TECHNICAL & ANALYTICAL SKILLS

Programming & Query Languages — Python • SQL (PostgreSQL, MySQL) • R • TypeScript • Bash

Data Science & Machine Learning — Pandas • NumPy • Scikit-Learn • PyTorch • TensorFlow • XGBoost • A/B Testing • Statistical Inference

BI, Databases & Cloud Infrastructure — Tableau • Power BI • Google BigQuery • Snowflake • dbt • Docker • AWS (S3, Lambda) • Git

WORK EXPERIENCE

Senior Data Analyst — Apex Analytics Corp (Full-time) — Jun 2023 – Present — San Francisco, CA

- Designed and deployed automated PostgreSQL and BigQuery ETL pipelines ingesting 12M+ daily events, lowering reporting lag from 24h to 15m.
- Constructed 18 high-impact executive dashboards in Tableau and Power BI adopted by 40+ C-suite stakeholders for quarterly revenue forecasting.
- Collaborated with product teams to design robust A/B tests on conversion funnels, resulting in a +14.2% lift in user onboarding completion.
- Mentored 3 junior analytics interns on SQL optimization, cohort retention analysis, and Git version control best practices.

Data Analytics Intern — Krypton Financial Labs (Internship) — Jun 2022 – May 2023 — San Jose, CA

- Engineered Python data cleansing scripts (Pandas, NumPy) that audited over 450,000 transaction records for fraud anomaly flags.
- Created automated email digests and alerts for transaction anomalies using Python and AWS Lambda, improving risk-detection turnaround by 28%.
- Drafted comprehensive documentation and data dictionaries for core transaction data schemas across 5 internal microservices.

MACHINE LEARNING & DATA PROJECTS

Customer Churn Prediction & Retention Engine — Demo ↗ Code ↗ — Jan 2024 – Apr 2024

Stack: Python, Scikit-Learn, XGBoost, FastAPI, Streamlit, Docker

End-to-end machine learning system training XGBoost and LightGBM models on telecommunications customer data to predict subscription cancellation risks.

Real-Time E-Commerce Sentiment Intelligence — Demo ↗ Code ↗ — Sep 2023 – Dec 2023

Stack: PyTorch, Hugging Face Transformers, PostgreSQL, Apache Airflow

Natural Language Processing pipeline analyzing 50k+ user product reviews with RoBERTa embeddings to track brand perception shifts across software releases.

EDUCATION

University of California, Berkeley — Bachelor of Science in Data Science & Applied Statistics — Aug 2019 – May 2023

GPA: 3.88 / 4.00 **Location:** Berkeley, CA

Coursework: Machine Learning, Distributed Computing, Database Systems, Bayesian Inference, Data Wrangling at Scale

Honors: Dean's Honors List (6 consecutive semesters), Senior Capstone Project Excellence Award

CERTIFICATIONS

Google Advanced Data Analytics Professional Certificate — Google Career Certificates (GSGCC-94820-ADA) · Verify — Sep 2023

Deep Learning Specialization — DeepLearning.AI (DL-5521-SPEC) · Verify — Jan 2024

LEADERSHIP & GOVERNANCE

Vice President of Technical Workshops — Berkeley Data Science Society — Sep 2021 – May 2023

- Organized and instructed 12 hands-on workshops on Python, SQL, and Git, attended by 350+ undergraduate students.
- Secured industry sponsorship and judging panels from top Silicon Valley tech companies for the annual Spring Datathon.

EXTRACURRICULAR ACTIVITIES (ECA)

National Inter-University Datathon & Hackathon — Team Lead & Finalist — Bangladesh Open Source Network & Data Society — 2022 – 2022

- Led a 3-member team developing an automated disaster relief logistics optimizer.
- Secured 4th place award out of 72 university engineering teams nationwide.

University English Debating Society — Adjudicator & Core Debater — Notre Dame University Debating Club — 2020 – 2022

- Competed in national parliamentary debate tournaments, winning 2 best speaker citations.

LANGUAGES & INTERESTS

Languages: English (Native), Spanish (Professional), Bengali (Fluent)

Interests: Open Source, Data Science, Competitive Chess, Long Distance Running, Algorithmic Trading
